Hey Man!

Let's get fired up

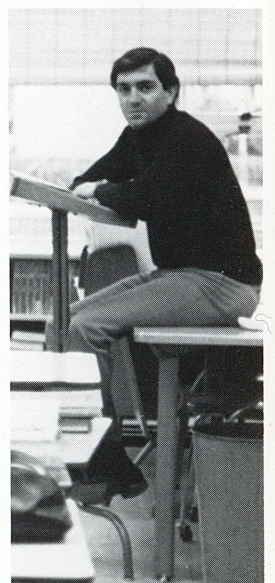

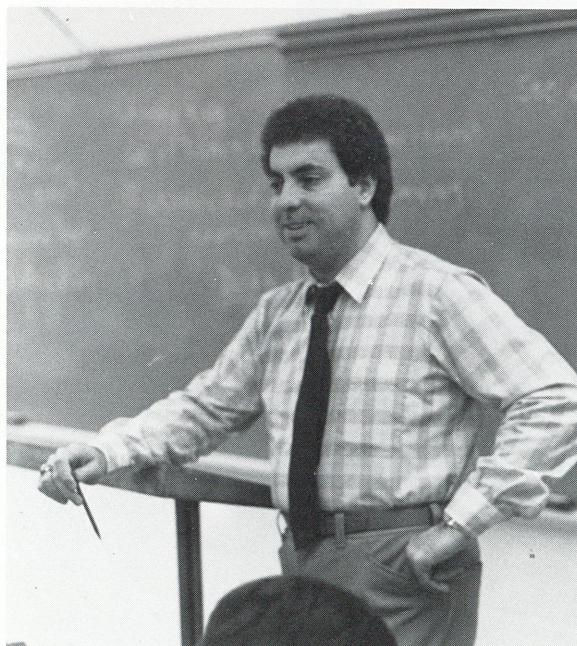

Oh Yeah?

Remember when we were first graders? We thought our teachers were infallible. We wanted to grow up to be just like "our teacher."

Through the years, we've learned that they are really human. True, they are understanding. Instead of laughing at our sometimes dumb mistakes, they let us know it's all right and correct them with patience and concern. Soon they're not only instructing us, but relating to us, sometimes even becoming our close friends. Sometimes their patience wears thin and their techniques seem unfair. However, all in all, we couldn't make it through life without all they have given us. We've gained knowledge through them and yet more importantly, they've taught us how to think for ourselves and get along with others.

Teacher Of The Year

ANTHONY NICHOLAS

The Senior Class of 1982 and the Kiwanis Club of Vandergrift have selected *Anthony Nicholas* as Teacher of the Year on the senior high level.

The teachers were judged on their teaching techniques, their concern for the students, and their personalities.

Mr. Nicholas is definitely outstanding in all of these areas. He has been teaching in the district for ten years. Last year he taught economics and law at the 'Big K', but for the previous eight years he taught eighth grade Social Studies at Washington Junior High. He is a coach for Junior High football and track. He also sponsored student council and last year he coached girls softball here at Kiski.

Other winners were Mr. John Cehily for Junior High and Miss Donna Soulier for the elementary level.

The Vocational Technical School added a new program to their curriculum this year. It is called Building Services. It, along with 16 other courses offered, provides us with the future electricians, carpenters, mechanics, masons, computer programers, and welders, just to name a few. The environment at the Northern Westmoreland Area Vocational Technical School is very comfortable and allows the students to acquire valuable technical experiences which will enable them to pursue their desired career right out of high school. For many, votech offers a great start to their future in a technical career.

Well it took a long time but Kiski finally got into the swing of things and for the first time has offered to its students a computer course. Instructed by Mr. Dudzik, students were given the opportunity to get a "byte" of the *Apple*. A new thing is not easily accepted but through Mr. Dudzik's hard work and dedication all students received the thrill of grasping the threads of our future technology.

Junior Achievement is a very enjoyable activity to participate in. The Achievers are recruited from Kiski, Apollo Ridge, and Leechburg.

J.A. consists of four different production groups and one bank. Each production group makes on an average of five products a year. The bank sells candy and other things that are already made, such as keychains and posters. This year they also sold pizzas.

In the long run J.A. is just a means of showing high school students what the business world is like.

Can you imagine school without activities? Sitting in homeroom every morning could get very boring. Luckily Kiski has many activities. There is a club to meet almost every interest.

These activities make the day a little more bearable. They provide us with opportunities to make new friends and also to get to know our old friends even better. During the activities we gain experience, knowledge, and most importantly happiness.

The *Kiski Campus* is the product of a cooperative effort of 5 staffs; Business, Literary, Photographers, Typists, and Production. The Business Staff sells ads and doughnuts to make money. The others use this money to make the book. The Production Staff decides what needs done and then gives the assignments to the Literary Staff, Typists, and the Photographers. Needless to say, the Literary staff does most of the writing. Once they're done, the typists type them on special copy sheets to send to the printer. Along with these sheets, photographs taken by the photographers, mostly candid, are sent too.

The Production Staff ties all the others together. They do the actual making of the yearbook and often do some of the others' jobs.

All of the staffs are dedicated and therefore the book is a success.

This year proved to be a good one for the Concert Band. After the marching season ended, everyone settled down for the hard work that awaited them. Since many of the members were Sophomores, a good deal of time was devoted to developing a more mature sound. Even though the music was a little harder this year, the members handled it very well. Everyone welcomed the challenge, and many hours were spent practicing and learning the music. With Mr. Botti's help and words of encouragement, things eventually fell into place. Even though it was a lot of hard work, no one seemed to mind. It turned out to be very memorable year.

At the end of the marching season, symphonic band auditions got underway. After the new members were chosen and the music given out, rehearsals started in order to prepare for upcoming performances. Mr. L. was feared as he went down the line "testing," but as the music was learned the "testing" became less often. This year, the music was very challanging and alot of long hours were spent practicing it. Under the direction of Mr. Lamendola many things were accomplished. The symphonic band has alot to be proud of.

Mr. Lamendola

We've Got The Beat

ou've ever walked by the band
m activity period, you've heard
fantastic sounds of the stage
d. Though it got off to a slow start
year, it didn't take long for things
get into full "swing". At first, the
re appeared quite grim for our
up of talented musicians with Mr.
tanza gone. Luckily, Mr. Lamenda
was there to pick up the pieces
get things moving.

en they first found out that they
been selected for stage band a lot
things went through their minds.
biggest thought of all was, how
uld they ever find time for all that
cticing? As time went on though,
work was outweighed by all the
od times spent with their own "ac-
ty period family." When the pieces
rted fitting together, they knew
t they had something special. How
they ever forget the way Tim and
o practically hypnotized them with
ir solos or the mellow sounds from
piano, played like only Carla can
y them? Everyone pulled together
l worked very hard. Before they
ew it, the day of their first perfor-
nce was upon them. They were
dy to make their debut in public.
ey had a chance to show everyone
t, despite some problems, they
re back and just as good as ever!
ey will remember that day for a
g time. After just a few notes of
first song, they knew that all the
e spent working was not wasted.
ey had developed into something
pecial, and they had what it took to
the best.

Without the spirit of the Pep
Band, pep assemblies would lack
the enthusiasm needed to create
roaring crowds. The Pep Band,
which consists of members from
different sections of the March-
ing Band, has always been
known for making us "Go Ba-
nanas" and now also adds some
craziness to the basketball
games.

Those students who exhibit exceptional musical ability and talent may perform in the area's Honors Bands. A student may attend County Band, District Band and Regional Band. To qualify for the County or District Honors Bands, one must be recommended by the band director. However, to attain Regional Band status, one must be selected from those participating in District Band.

Another division is the Alle-Kiski Honors Band. This consists of schools in the Allegheny-Kiski Valley. For this group, one must audition at his school. We are very fortunate here at the Big "K" to have some of our very own students qualify for all four of these fine groups.

Where was everyone at the end of the summer? Well if they were a member of the marching band, then they were at the school learning music and working on a field show. This form of torture that band members go through is called band camp. It takes place the last two weeks of August from eight in the morning until three-thirty in the afternoon. Many long, hot hours are spent just to learn one show. This year was especially memorable because, due to the strike, the band was left without directors. But, they managed to pull together and, as usual, their performances were just grand!

Who's the leader of the band?

Directors: Mr. Wolfgang, Mr. Lamendola, Mr. Botti

The colorguard began practicing at the beginning of the summer in order to teach new members maneuvers and the "Big K's" style of marching. During the year fund raisers such as hoagie sales, bake sales, and the selling of raffle tickets and Christmas candy were used in order to raise money for their new uniforms. The last two weeks of August were devoted to band camp in which many long, hot hours were spent learning the field show and a routine for the first parade at Kennywood. All of the hard work paid off when they proudly marched on to the field for the first time. No doubt they will remember the 1982 marching season for a long time.

The majorette season started with hours of hot, summer practices. They had to be ready for the first game. There were routines to be learned and moves to be worked out. Soon the first game was here and the majorettes hit the field with knees high, smiles wide and batons twirling.

The majorettes had a new idea this year. Several dances were held in order to raise money and provide fun.

This year was a very hectic one for Kiski's cheerleaders, beginning with the "fun" summer practices in preparation for the upcoming football season. They were also busy selling garters and hoagies to raise money for attending camp at IUP in August. There they won many ribbons and also a plaque. When football season finally started it was filled with exciting games and rowdy pep assemblies. Then came basketball season. It was "long" with the routine of two games a week and practice once a week. This year left the cheerleaders with a lot of memories that will never be forgotten.

Can you "Handel" it? The Concert Choir surely did when they performed J. F. Handel's THE MESSIAH. It was presented to the public later than the usual Christmas concert but proved to be well worth the wait. The Concert Choir didn't waste time. They worked every second period and even had some rehearsals during activity periods and in the evenings.

When THE MESSIAH was over the practice wasn't. The choir had to prepare for their spring concert which turned out to be equally enjoyable.

Mixed Chorus

As Sophmores, students do not have enough experience to sing with the Concert Choir, so they spend a year with the Mixed Chorus. This time is used to make the rough transition from junior high singing to the mature sound of the Concert Choir. Throughout the year, the members study many different types of music and learn to appreciate them all. Things like tone quality, vibrato, and diction become everyday words to them. At times the work gets very frustrating, but the students don't discourage easily. They keep working throughout the year and it pays off. Their reward at the end is the step to bigger and better things, the Concert Choir.

At the beginning of the year, several members of the Concert Choir were selected to be a part of the Westmoreland County Chorus. This year the concert was held at Valley High School. For two days the students worked very hard along with students from 18 other schools.

After the confusion of County Chorus, things didn't slow down. For Lynda, Vonne, Jeff, and Kevin the pace picked up even more. They had been chosen to participate in District Chorus. There was now even more music to learn and things to get in order. The work paid off when they went to Gateway High School. When the concert was over the students returned home with new friendships and many stories to tell. For one student, Lynda Zidek, all was not over. She had been chosen to be a representative in the Regional Chorus. All the students, whether they were a part of County, District, or Regional Chorus, will remember the fantastic time they had participating in these special events.

Lights, Camera, Action!

Everybody knows the audio-visual people because they're the ones carting around all the visual aids needed for teachers. Their sponsors were Mr. Duckworth and Mr. Stauffer and they kept everybody in line. The members not only delivered items for teachers, but they also got some experience in the field of communications. One of their main activities was the charity fund drive for Children's Hospital, Meals on Wheels, and the Avonmore Children's Clinic. They also spent their time televising various athletic games and meets on KAE-TV 12. The A-V Club had a very active and exciting year.

Like many clubs, the Drama Club started the year with a major problem. Before they could be an active part of the school, they had to find a sponsor. Luckily Mr. Meighan was willing to give up his time to help them out.

Thanks to the dedication of the officers, the students were able to learn more about drama. Activities were planned in the areas of acting, technical work, and make-up. They worked during activity periods on their activities. It was a very enjoyable year and hopefully everyone gained knowledge and experience.

Who are those people in the library who are always there when you need help? The student librarians of course! They are the ones who are willing to give up their study halls and activity periods to help Mr. Kulas. They help you find the books you need or run the visual equipment. Of course, one of their jobs is to write out and distribute the overdue slip that brighten everyone's morning. These are just a few ways in which the student librarians help their fellow classmates and school.

Business World, Here We Come

The Future Business Leaders of America is made up of junior and senior girls. The girls share a mutual feeling that their sponsor, Mrs. Frayer is a super person. In February they sold cupcakes for Valentines day. It was a huge success due to the devotion of the girls and their sponsor who helped a great deal. This cupcake sale will help cover expenses for the ones who choose to go to the competition. They compete in Office Practice, Accounting, Typing, Business Communications, Shorthand, Business Math and Public Speaking. The purpose of the organization is to provide them with a sense of leadership.

For the latest on everything read the Kiskizette! It sells for only 25¢ an issue and will provide you with all kinds of interesting information. The Kiskizette members are actually students who take Mr. Iagnemma's journalism class. There are two Kiskizette staffs: one the first semester and one the second. They learn all the things necessary for producing a good newspaper; including photography, how to write a good story, develop pictures, and lay out the pages. This all leads to the success of the Kiskizette.

Although they had a belated start, the Kiski Area Math Team once again went to competition this year. After a qualifying test was given to interested accelerated math students, the team was announced. With the season already in progress, there was much work to do. One meet had been missed, and the team had to use an activity period to make up for their absence. Morning sessions were held daily to help the team better their scores not only at meets, but in the classroom as well. Traveling to the different schools proved to be a rewarding experience for members. They were given the opportunity to put their computational skills in math problems, against those of similar ability. While Kiski's math team may not have been the high scorer in the math league, the fact did not stop members from enjoying a most rewarding experience.

When Juniors were inducted into the National Honor Society last year, they felt very proud to be part of such an organization. Under the guidance of Mrs. Clugston, the seniors this year participated in numerous activities aimed at sustaining their organization for the events to come, especially the induction of new members in the spring.

Members are selected by teachers and counselors under the following four criteria: Leadership, Scholarship, Character, and Service. The main function of the organization is to hold the induction of new members which this year, was on March 17.

Coffee houses, those social hours in the lower cafeteria which serve hot drinks and donuts, are the main method of raising money. This money then pays for the supplies needed for the induction service. It is also used to purchase the banners worn by the members of NHS at graduation.

Being a member of the National Honor Society is definitely an honor to be proud of.

Einsteins In The Making

At our school, there is a small group of students with a passion for science. These people get together to discuss things or solve problems. Though it is not a very large club, it still plays a part in the club program. The members enjoy getting together with one common interest—science!

¿Habla Espanol? Members of the Spanish Club sure do. Under the direction of Mrs. Love, the students took part in several activities. One of the important events of the year was a field trip to Pittsburgh. There, they attended an Astronomy presentation narrated in Spanish at the Buhl Science Center. After the presentation, the members went to gorge themselves on delicious Mexican food at the Tequila Junction in Station Square. Throughout the rest of the year, they kept busy producing the Spanish newspaper, which is distributed to students in the Spanish classes. With all of the work that there was, the club certainly kept busy!

The Student Council had a busy year, even though it had a very late start. It is made up of two elected representatives from each homeroom. This year they held such fundraisers as the annual carnation sale, the student-faculty basketball game, the Christmas Charities Telethon, Computer dating, and concerts during activity periods. With this money one of their projects was to send cards to those hospitalized or seriously ill. The rest of the funds were used to finance various other worthwhile projects.

Student secretaries are responsible for many things. The office secretaries deliver bulletins and mail from one end of the school to the other. They also track down "wanted" students.

The teachers' secretaries work just as hard, typing and correcting tests, making dittos and doing various other tasks.

Student secretaries get a chance to know the administrators and teachers better, and vice versa. Overall the student secretaries' work benefits both themselves and the teachers.

The Thought For The Day Is . . .

Picked by their guidance counselors, the members of the Thought For The Day Club are students who enjoy finding little words and sayings of wisdom that in some way can brighten our lives. They are the ones who we hear each day over the PA system, who give us a quote or phrase to think about in the hours ahead.

Have you ever wondered who the people in the blue and black jackets are? They're the members of the Kiski Area Varsity Club. This is a group of dedicated, outstanding athletes who excel in their sport. To be a member, a student must have earned his varsity letter. Though the main purpose of the club is to raise money to pay for jackets, the group stands for a lot more. They set an example for the rest of the student body to follow, because they strive to be the best at what they do.

The Youth Traffic Safety Council is a group of concerned students, whose aim is promoting driver safety in our school and surrounding areas. Working under the guidance of Mr. Bassetti, along with the cooperation of many other YTSC's in the area, the group helps students to remember the responsibilities of driving. They do this through signs and posters in the Driver's Ed room. And last year they even had a smashed car placed in the circle on last year's prom day; an ominous reminder of what could happen, and what should be avoided.

SENIOR MEMORIES

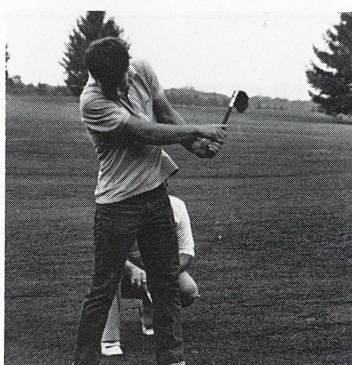

At least once in your life, you've been told to be a good sport. What really is a good sport?

It is getting up at 6:00 AM and leaving for the bus at 7:00 AM. During the day the athletes are very busy just like other students. But as other kids board their buses to go home the athletes are just getting dressed and preparing for a tough workout. During practice they work and sweat, striving for perfection. When they reach their goals, they set them higher. They always try to improve. When they're done with practice, they get on the cold seated activity buses and ride for what seems an eternity, sleeping and discussing the team's plans.

They arrive home and eat a reheated dinner. When the majority of school work is done, they drop their exhausted bodies into welcoming beds. They get a few hours of sleep before the alarm rings and the routine starts all over again.

This routine usually pays off. They experience the joy of victory and sadly the agony of defeat. When the athletes do lose, it is with pride and dignity. They find their mistakes and work on them at the next tiring practice. However, when they win, which happens a lot here at Kiski, all the work seems worthwhile!

Last year the KA baseball team had a winning season with the aid of Coach Trunzo. At the end of the season the team was second in our section only to Kittaning. However, they were the only team during the season to beat them. Joe Hessom was named Most Valuable Player. Last Year was Mr. Trunzo's final year of coaching and the team would like to thank him for his help and dedication. Also, they'd like to wish him the best of luck in his future endeavors.

With the help of their new coach, Anthony Nicholas, and the dedication of all team members, the girl's softball team finished their season with great pride. Headed by team captains Patty Jo Misho and Debbie Staymates, they took a well-deserved second place in their section with an outstanding record of 14 wins and 2 losses. Seniors Jenny Bowman and Donna Roscosky were honored as the team's most valuable players. Cooperation was what made the team such a great success. In closing, the girls have one more thing to say . . . "We'll get them next year!"

With the help of Coach Lou Santia, the tennis team managed to do fairly well in a section filled with tough teams. Although the team's record last year was not outstanding, the members feel that with some extra practice they will be able to be at the top of their section this year. They will have to do it without the help of team captains Jeff Marshall and John Capretto, who were considered to be the team's strength. This year the returning lettermen will have to make up for the loss. The two year lettermen are Betsy Ceraso, Todd McDermott, and Dana Lombardi. The one year letterman is Bob Smith. With these people and the other talented members that round out the team, the coming year should be a success!

Coming off a pathetic 2-9 record last year, the Cross Country team didn't have much too look orward to. Their plight looked even more disal when they lost their coach, Mr. Hauser, lue to the teacher's strike. After disappointing osses to Norwin and Highlands they finished he regular season at 5-7 and headed into the V.P.I.A.L. Qualifiers with revenge on their minds. With strong performances from senior om Daugherty, captains Curt Schreffler and nthony Bruno, and sensational sophomore eve Uhing, Kiski defeated both Norwin and ighlands and finished eighth in the team andings. Daugherty qualified for finals and ventually went on to place sixth-seventh at he P.I.A.A. State Cross Country Championhips.

The 1981-82 track team presented a competitive season with the help of coaches Antenucci and Houser. The team defeated Latrobe and Penn Trafford and put up a good fight against the rest of the teams in their section. Although it was not a winning season, there were many outstanding performances given by all. Next year promises to be a winning season with the help of the returning lettermen.

Guts, Strength And Stamina

Kiski began the 1982-83 football season in the blazing hot sun of July and ended it in cold and rainy November. The season got off to a bad start when they lost to Steubenville. It did not dampen their spirits though because they know they could still come out on top if they put forth all their effort. They lost the playoff game at Upper Saint Clair which ruined their chances of going to the semi-finals. However, even though the team didn't go all the way, the players still have pleasant memories of the 1982-83 football season.

Lady Cav's Have Spiking Season

I, everyone, they did it again! After a slow start without a coach, the girls' volleyball team managed to place second in their section, losing to Plum. This qualified them to go to the quarter finals at Steel Valley. There they won one of their three matches. However, this win was not enough to boost them into the finals. The girls said they couldn't have done it without the support of their fans. Just wait until next year, everyone had better make way . . . for the "K" Girls shall return!

The Kiski Area Golf Team had its share of ups and downs during the 1982 season. They got off to a bad start by losing their first 8 matches. Even though their regular coach, Mr. Ves. had his doubts, he knew they could pull through. When the teacher's strike began, Mr. Paolo became the coach. The team made a very smooth transition and proceeded in trying to achieve their goal.

Near the end of the season, they had lost only one match in their section. They then played Ford City which was undefeated and Kiski was victorious. This made the two teams tied for section champs. There was a playoff match which Kiski unfortunately lost. This placed them second in the section. Even though the team didn't win, they had a lot of fun trying.

Fortunately for Mr. Ves., the four players that gave him the most grief: Jim Spaniel, Rick Matonic, Rick Chiodo, and Ed Beck will be going on to bigger and better things (possibly the PGA) but, they wish him the very best in years to come. The team would like to thank Mr. Paolo for taking time out of his busy schedule and coaching them during the teacher's strike. He did a fine job and so did the team!

"New Coach, New Section, New Tradition", is the motto of 1983's boy's basketball team. Over the past years, the basketball team at Kiski has had a poor record, but what is in the past, stays in the past. The team started out on a good foot with Mr. Intrieri, the team's new varsity coach. He accepted the challenge of turning a young team into a winning team. They accomplished this by taking second place in the eight game tournament, Vandergrift Christmas Classic, held at Kiski.

During the season, Mr. Intrieri was impressed by the adult and student support. Therefore the team feels even if they don't always win, they will at least play a good game and be competitive.

Basketball Bounces Big

At the beginning of the 1982-83 girls basketball season, the team had great hopes of being a contender in their section. Coach Tom Pipkins began his second year of coaching with high expectations for his girls. The team had a 6-5 exhibition record. This year Nancy Painter, a returning center, broke the school record of 34 pts in a single game when she scored 37 pts. against Burrell. She is also one of the top 5 scorers in the W.P.I.A.L.'s. The team gave everything they had to make this a fairly good season. They faced tough teams, but with the leadership of Beth Watkins, Karen Smith, and Nancy Painter they pulled through.

The question of how successful the 82-83 KA Gymnastic team would be was increased by this years teacher strike. Through lost practice time our success was not as outstanding as we would have liked. Devotional time and constant inspiration from coach Dem Answine kept our goal for a second year as W.P.I.A.L. runner up seem possible. However, the 3-6 record could not advance us to that title.

Two KA gymnasts qualified as the W.P.I.A.L. competition. Dan Tarosky placed 5th on still rings, 6th on parallel and made 1st alternate on sidehorse. Fred Como placed 4th on parallel bars, tied for 5th all-around and 1st alternate to highbar. At state competition, Fred Como went on to win the 1st place and become P.I.A.A. Champion on parallel bars. Dan Tarosky also placed 6th on that event and placed 5th on the still rings. Also competing at W.P.I.A.L.'s were Duane Daugherty and Brock Freehling.

"Pin" Pals

For the Kiski Area wrestling team the '82-'83 season was one of rebuilding. With new head coach Terry Moorhead setting up a program designed to condition and strengthen our wrestlers, the team had hopes of doing well in section matches. However, aside from senior captain Kevin Moorhead on whom the team could always count on for a win, wrestlers had a disappointing season. Although the team worked hard, they won very few matches in and out of their section.

The season might not have been an obvious success for the Cav's, but wrestling at Kiski has always been a sport that builds character. That was certainly true this year.

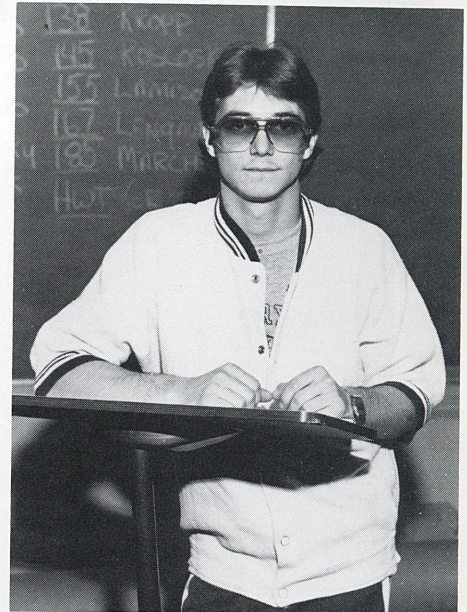

At the season's end, a few wrestlers had gone on to further competition and the underclassmen had gained valuable experience. Next year things should start to come together for the KA team.

Swim In Stride . . .

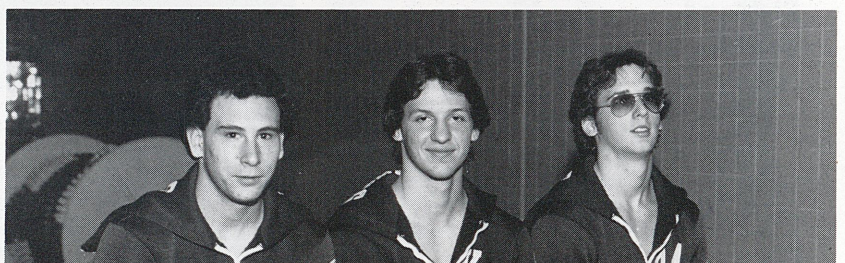

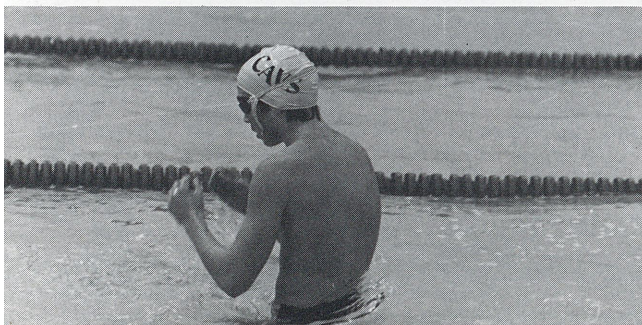

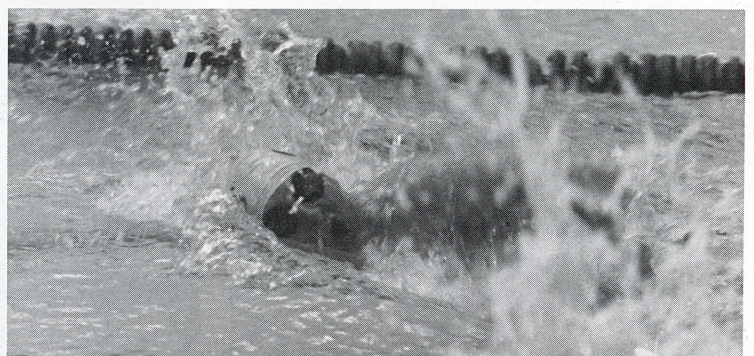

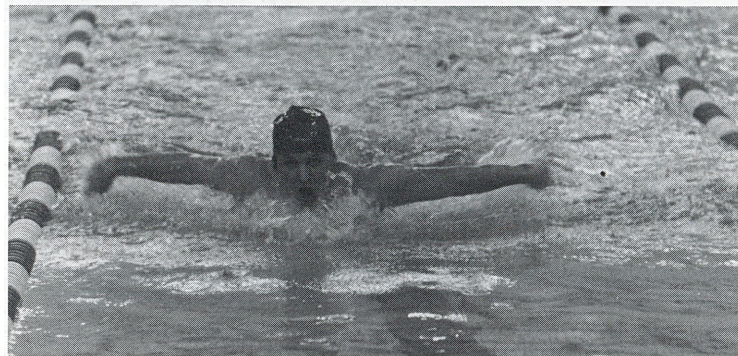

How about them Cav's! This was the motto of the boy's swim team that carried the team of an 11-3 overall record, and a runner-up behind Plum by beating Burrell 66-58 in the year's most exciting meet of the year.

While John Elliott was the only K.A. swimmer to go to W.P.I.A.L.'S. last year, this year they had four. The medley relay of Darrin Bence, Lee McLaughlin, Ken Sebastian, and John Elliott qualified for W.P.I.A.L.'S. John Elliott also made it for the 100 yard breaststroke and was a favorite in the State Championships to be held at Penn State.

This year's boys' team got off to a slow start because of the strike, but once they got going, they didn't stop. Everyone on the team pulled their load, unlike other years. This was the main reason for the Cav's success and with everyone working hard, the Cav's were hard to beat.

Along With Pride

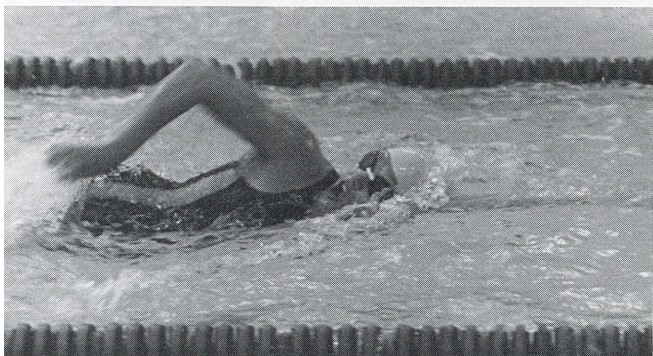

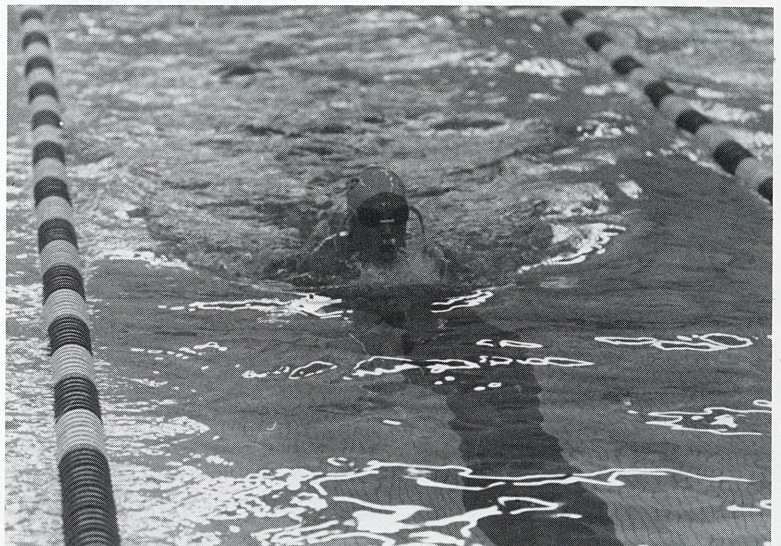

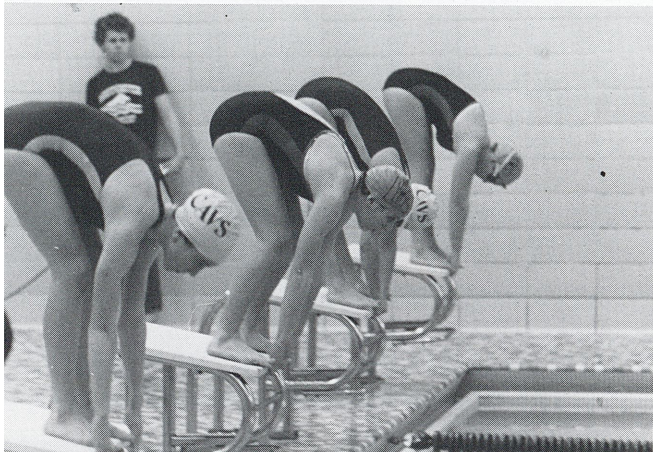

The girls swim team had an overall successful season this year. With the help of their coaches Mr. Bass, Miss Troilo, and Mr. Rose, they managed to pull a second place finish in their section.

The beginning of the season didn't start that well and the team couldn't seem to put anything together. However, while other schools had holiday break, Kiski's team worked very hard and really put a lot of time and effort into their workouts. The season seemed to turn around from that point on. This resulted in a 4-1 sectional record and a predicted overall record of 9-5.

This is the first time in the team's history that more than one girl has qualified for W.P.I.A.L.'s; this is quite an accomplishment in itself. Although the team is losing three senior lettermen, they'll do okay in the future because they're still young and have time to improve.

One final comment "How about them Cavs!"

EVERYONE REPORT TO THE BALLFIELD . . .

During the '82-'83 school year a new activity began to occupy a significant amount of class time. Many times this year students poured from the buildings to stand in the baseball field because the school was threatened by a person claiming to have a bomb. There have been bomb threats at Kiski before, but this year we were kept particularly busy running in and out, and the sound of the fire alarm became familiar. Although at first we enjoyed the break from the routine of the day, this was a serious matter. We are all grateful that the school was not blown to bits and hope that the culprit will be dealt with severely.

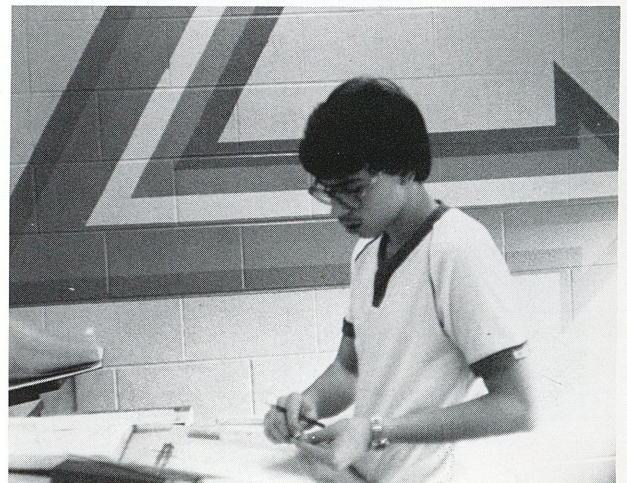

COLOR OUR WORLD

For those of us who've enjoyed the dash of color added to our school, or for those would-be hall travelers who've avoided getting lost, we all have the 1981-82 Drafting Club to thank under the direction of Mr. Ronald George.

Originally planned to just add color, the rainbow arrows became an artistic path finder. Largely conceived by Linda Chilko, this massive project involved the entire club. The first step was to carefully "pencil in" the designs, which took careful measurements and a keen eye. Once this step was completed, the painting began. Working long hours, even after school, the Drafting Club hand-painted every design. Also, the locker areas were rainbowed, and the rest-room doorways were painted, complete with a silhouette of a boy or girl. This ended some rather embarrassing moments.

Not only has the Drafting Club added color to our school, but has provided it with a valuable service that will last for years ahead.

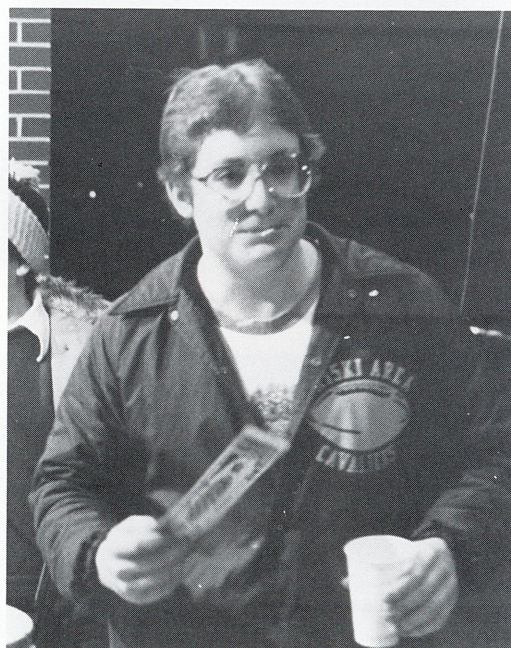

'TIS THE SEASON . . .

The Kiski Valley once again held its annual Christmas Telethon, an event which had become part of the holiday season for so many of us. Fisher's Big Wheel was the location of this event which ran from December 17 through 23.

Mike McKinney and Meghan Sanders were in charge of this community-wide effort. They formed a group of students into the "Christmas Charity Committee", with Miss Fedorek as faculty sponsor. A short time later, the cooperation of the Audio-Visual Club and the Student Council was obtained. They were responsible for all publicity. As Dec. 17 drew near, Mike and Meghan were involving the elementary and junior high schools, while Student Council "spread the word" and A-V readied its equipment for the upcoming broadcast. Contributions from several local businesses assured that each donor would have something to eat and drink. The Christmas Charity Committee and Student Council members assured adequate manpower.

The 17th came and it was airtime! Hosted by the telethon's chairpersons Mike McKinney, Meghan Sanders, and committee member Julie Floyd, the telethon proved to be a success. Donations of raffle prizes poured in. Eddie Lewandowski obtained the "Happy Jack" trophy for bar competition, and the response was overwhelming! In one week, for the benefit of Children's Hospital, Children's Clinic, and Meals on Wheels, the Kiski Valley and neighboring communities raised a total of \$8618.91, giving each charity \$2872.97.

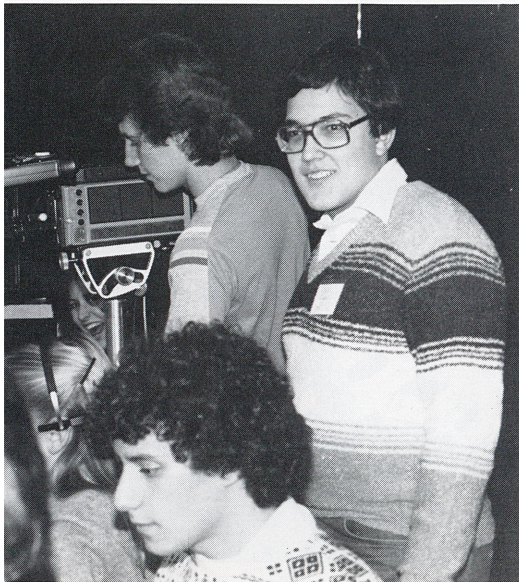

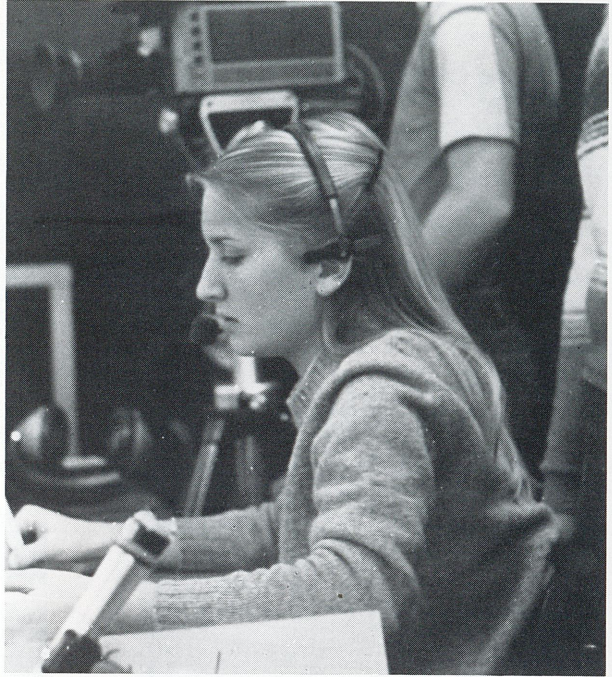

With only 17 days to plan and one week to run, the Christmas Charity Telethon was an outstanding success, as well as a lot of fun. With luck, it will continue in years to come.

Kiski's Cavalettes

Yes sports fans, once again, the Kiski Area Gymnasium was the scene of a now famous match-up. The word was out and both sides were to face off at 8:00 a.m. that March morning. The two teams knew what they were up against. Everyone's honor was at stake. As the gym filled with cheering fans hoping for a student victory, the coaches prepared their teams for the battle. The game was filled with excitement from the first whistle to the last. The highlight of the game though was the performance by the dazzling cheerleaders. The students, under their beloved coach, Pat Fisher, gave it their all. They fought gallantly to the very end. Even so, they were defeated at the hands of Sam Intriери and his faculty players by a score of 26 to 22.

 Nancy, Beth, Colleen and Maria, I luv you Ralph.
 The prophets Buddah and Allil.

Although the school year started later than expected, Kiski's sophomores adjusted well. After they got over the shock of how "big" Kiski Area really is and realized not everyone can be trusted when it comes to giving directions, they seemed to fit in just like the rest of us had to.

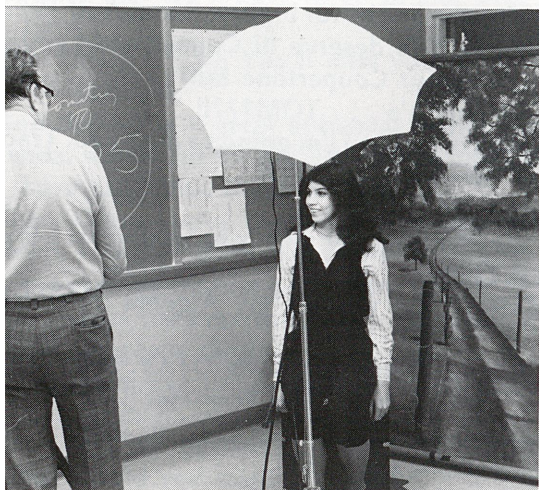

Many of the students did well this year and enjoyed the various programs offered here at Kiski. Some will be going to Valley Vo-Tech next year getting a head start on their career. Others will stay here and take the academic or business course. All of us juniors and seniors wish you all the luck for the future and just remember . . . only two more years!

Left to Right: Lisa Arbuckle, Treasurer; Jamie Doverspike, President; Steve Pisone, Secretary; Todd Answine, V. President.

I'm so embarrassed!

Who's out there?

It's in here somewhere!

1983 . . . the year all seniors have been looking forward to. The beginning of this year held a complication for the Senior class which, as we all know, was the strike. But on September 27, seniors finally started school and were taught by the administrators. Everything went as smoothly as one would expect in this situation. Since the class days that the seniors went were approved, the Senior Class will graduate on time.

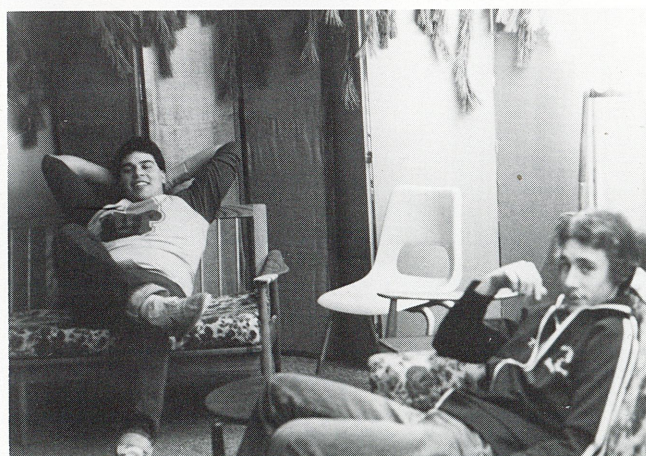

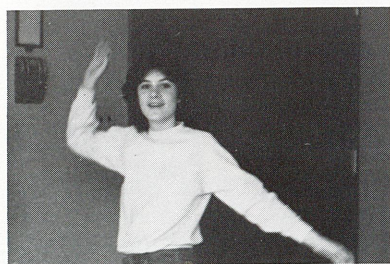

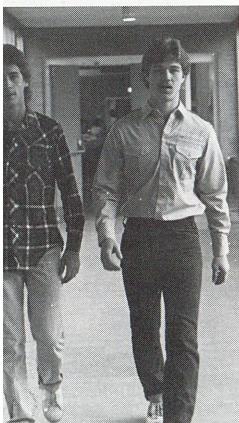

Seniors started this year off with magazine sales to help pay for the prom. Then it was picking out senior announcements, being fitted for caps and gowns, and finally for the event the seniors have all been waiting for . . . Graduation!

Our high school years seemed to fly by as we met new people and experience new things. The past 12 years have been long and hard, but a lot of great memories will stay with us all for a long time.

Congratulations, Class of 1983! You've made it! Good luck in whatever you choose to do in the future and may you always be filled with happiness.

SENIOR OFFICERS: left to right: Fred Como, V. President; Patty Kelly, President; Angie Fontana, Treasurer; Jodi Lindey, Secretary.

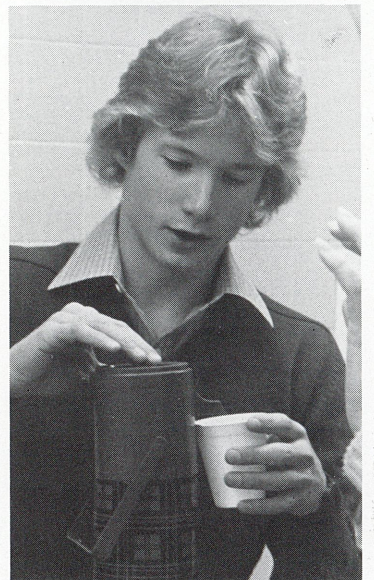

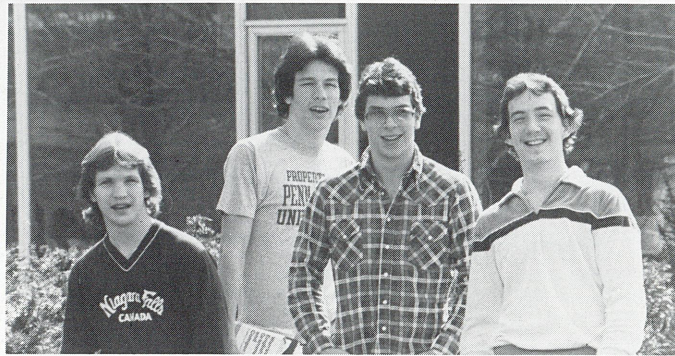

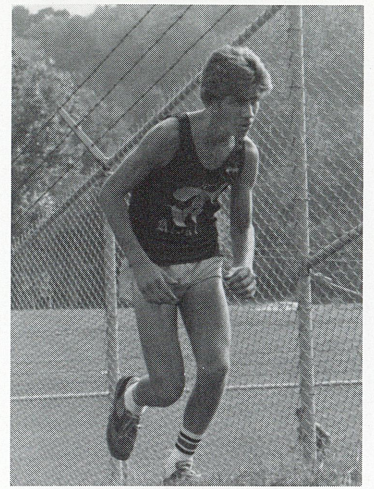

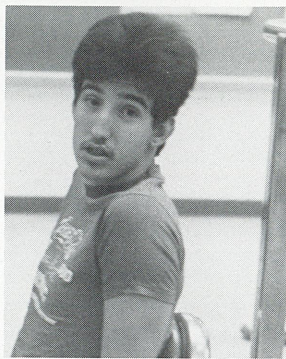

Mellowing out

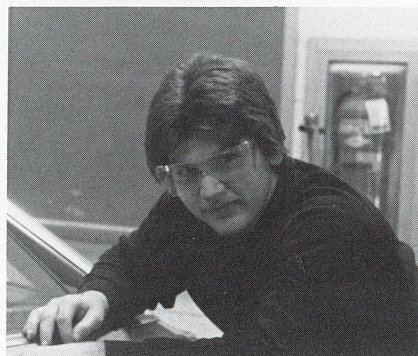

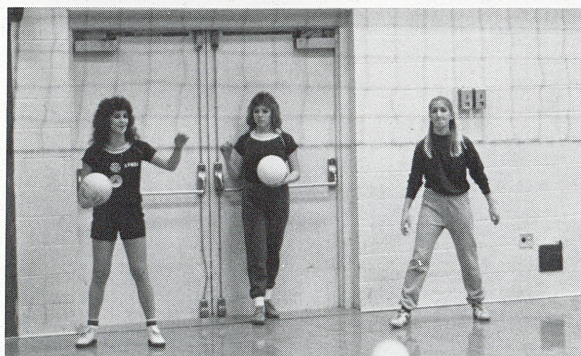

Does anyone have a (pencil???)?

A large graphic of the word "SENIORS" repeated many times in white, arranged in a triangular shape pointing upwards against a black background with white stars. The text is arranged in a dense, symmetrical pattern that tapers to a point at the top, creating a sense of depth and perspective. The background is black with scattered white dots of varying sizes, resembling a starry night sky. A bright, multi-pointed starburst is visible on the left side of the image.

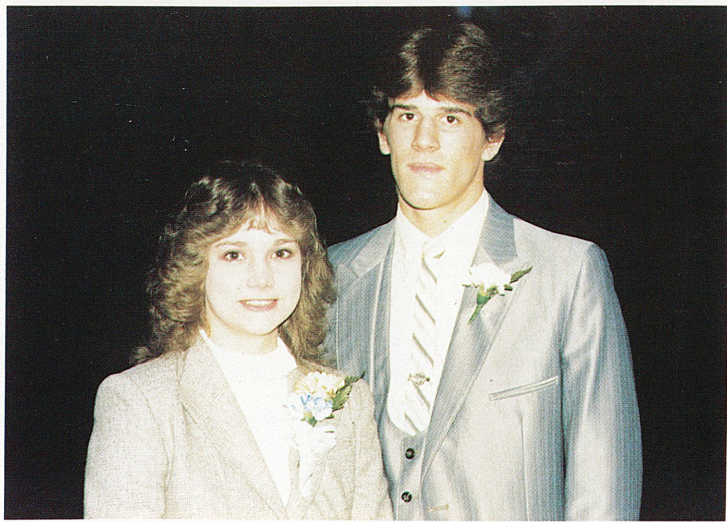

Now that's service!

Homecoming Highlights

Queens are NEVER forgotten

"Congratulations Carla!"

Special moment

Kiski's Angels

HOMEcoming 1982-1983

October 29, 1982

In spite of the strike we held the annual coronation of our Homecoming Queen. Carla Capretto was crowned by last year's Queen, Korinda Dickey. This year Homecoming was combined with Senior Night to make the evening even more memorable for all.

Royal Roll Call

Senior Night

Ease on down the road

Let me at 'em Coach

Marching on & on & on . . .

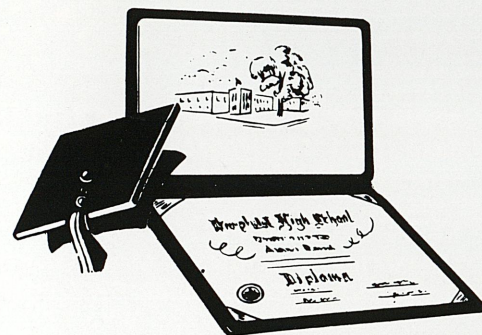

Hey Team, show us your underalls!

I told you before, "Eat your Wheaties!"

Stepping out with style

KISKI AREA ALMA MATER

Hail to thee, O Kiski we pledge
allegiance true,
May your colors be remembered gold, the
white and navy blue.

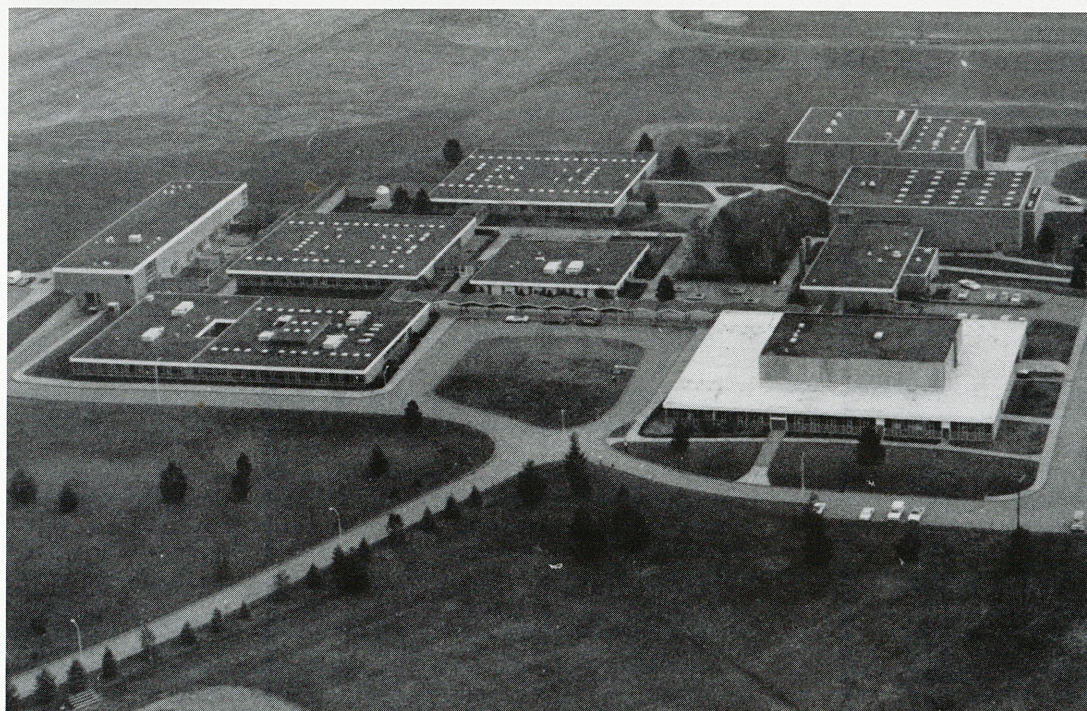

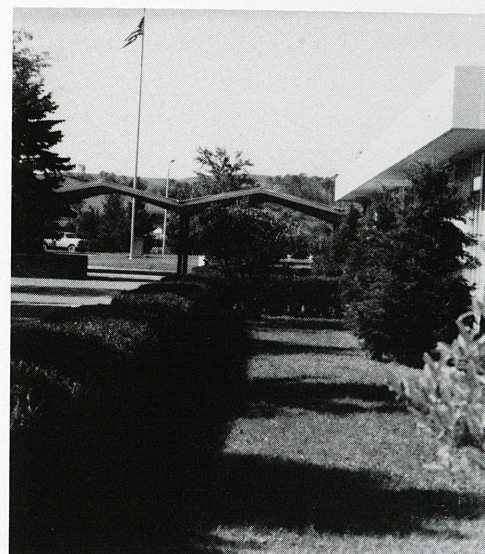

As the students of this high school we
will always sing thy praise.
Loud and clearly hear our voices telling
of our high school days.

As the graduating class we promise to
uphold
All the standards and ideals, that we'll
never let grow old.

Time has come for us to leave now,
loving sadness fills our hearts.
Slowly now we turn away, sad but proudly
we depart.

Thru thy friendly halls we pass, thinking
not of what's to be,
Knowing not in years to follow, many
thoughts will turn to thee.

In thy buildings memories linger, happy
thoughts of days gone by,
Days we'd like to live all over, days
at dear old Kiski High

A large, stylized graphic of a triangle composed of the word 'ADVERTISING' repeated many times, set against a dark background with a bright starburst on the left. The word 'ADVERTISING' is written in a white, sans-serif font, and the triangle is formed by the words being stacked and slightly offset to create a three-dimensional effect. The background is black with white speckles, and a bright, multi-pointed starburst is visible on the left side.

ACCREDITED SCHOOL

GOOD LUCK - CLASS OF 1983!

from

the members of:

Kiski Area Education Association

and its officers

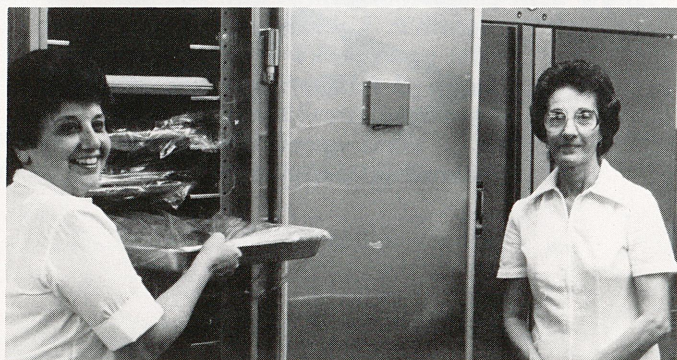

Pres. - Ralph Antenucci

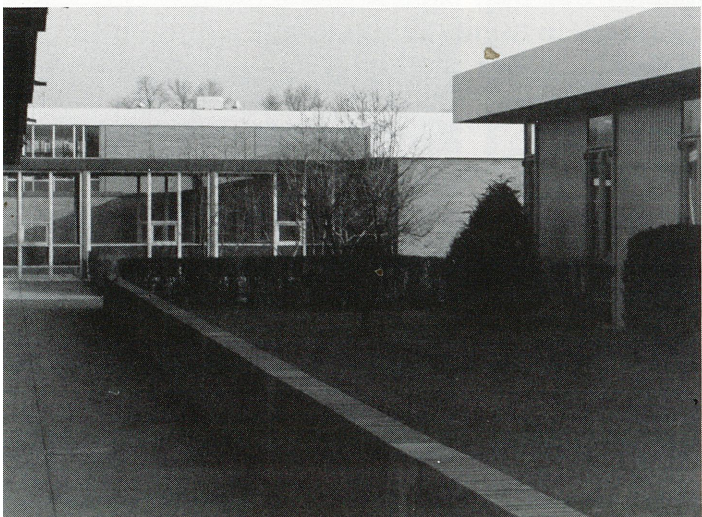

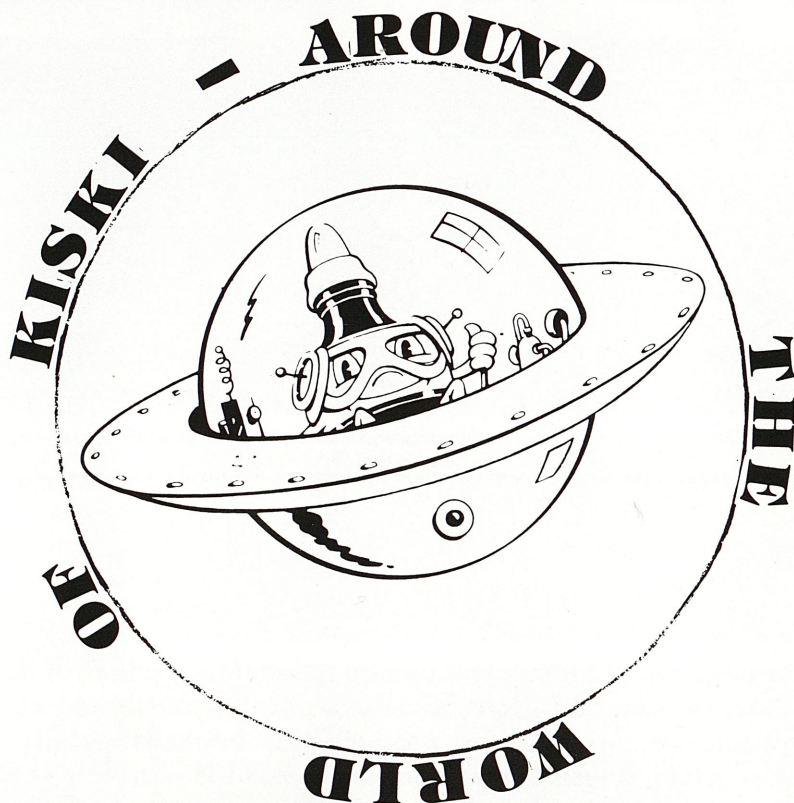

Pres. Elect. - Patrick Mazanek

Past Pres. - Regina A. Wichrowski

Sec. - Rita Staney

Treas. - Joann Fulgenzi

The final stretch . . .

At the beginning of the year it was questionable whether or not Kiski would have a yearbook. However, thanks to the combined efforts of many people we were able to produce this book. Hopefully it is a success - - which doesn't mean that every word is correctly spelled or that every page is properly balanced. It only means that this yearbook will help you to recall many special memories of your year at Kiski Area High School. After all, this book is actually our own special *history* book of the year 1982-83. Just imagine yourself in twenty years saying—"Boy I haven't seen her for a long time." "I was so thin then." "Those were the days." "Can you believe the clothes?" "Now that was a good teacher." or maybe "I'll never forget when . . ." If we were able to help you do this then all the work was worthwhile.

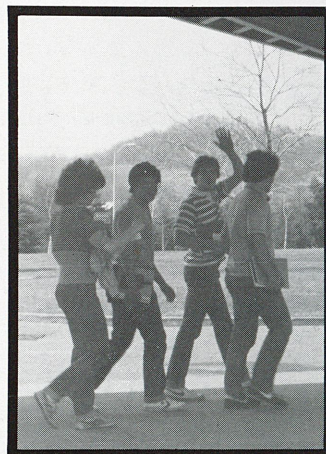

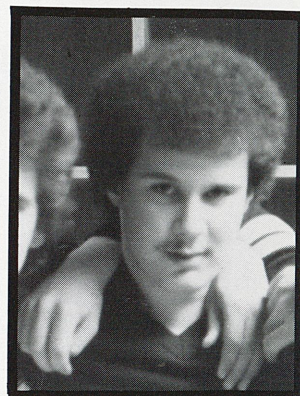

Of course none of this would have been possible without some very special people who we would like to thank, including: Mr. Frederick, Mr. Nicholas, Mr. Deglau, Mr. Pinto, all of our patrons, the faculty and students who have supported us throughout the year, Miss Fedorek, and especially Mrs. Wright.

-THE STAFF-

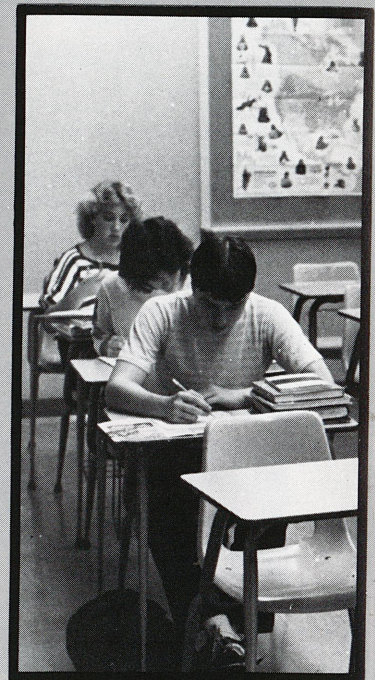

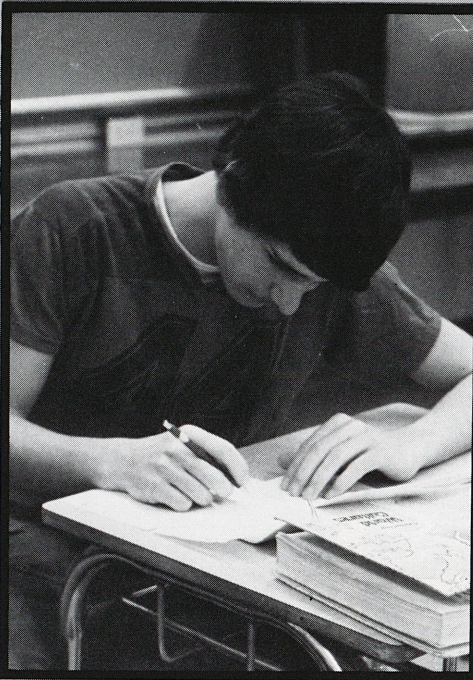

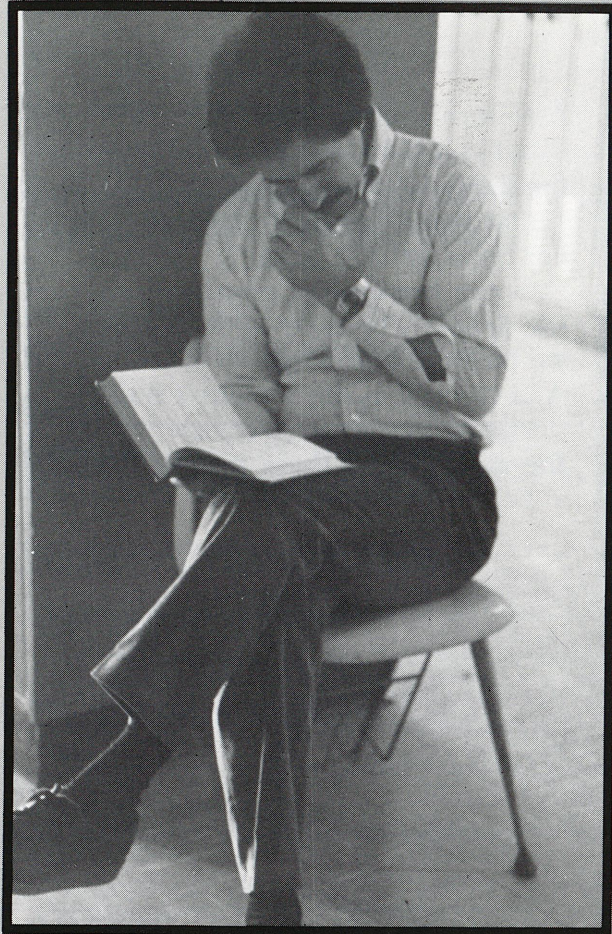

A picture's hardly real life-
but can help us to recall
the many touching moments
that make our lives less dull.
For faces are the image
of the person that's inside
the people who were with us when
we laughed and when we cried.
And though in life we often find
that we have to make new starts
the memories of these people
lie always in our hearts.

Treasure Yesterday . . .

It's good to be a seeker
but sooner or later
You have to be a finder
and then it is well
To give what you have found
a gift into the world
For whoever will accept it.

Dream Of Tomorrow

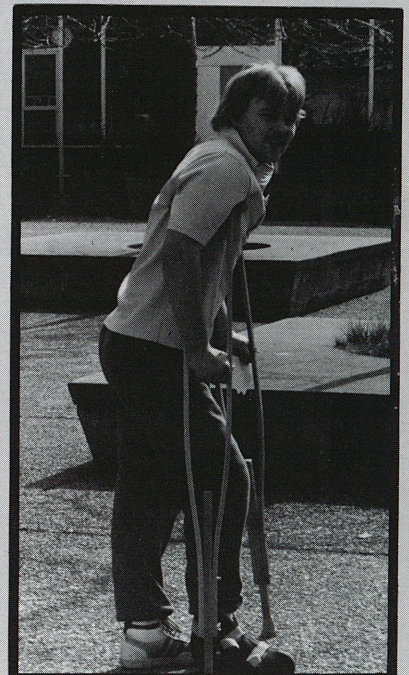

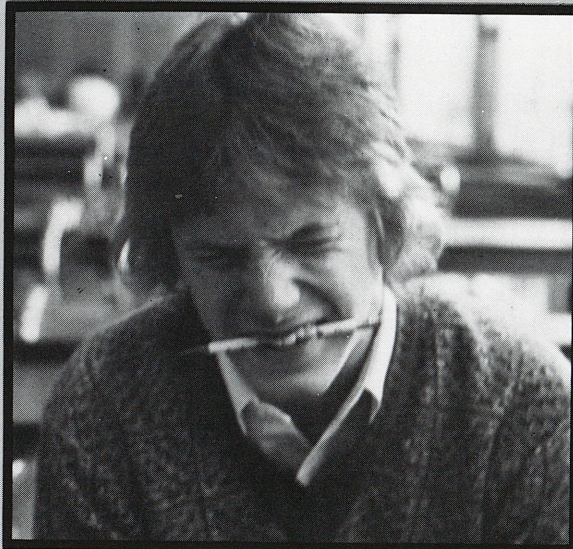

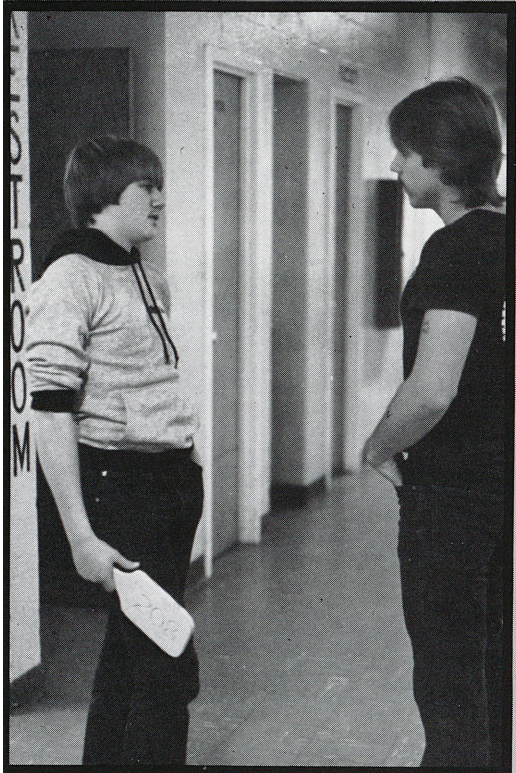

A friend is someone who I need
To make it through each day.
You were the one who was always
there
No matter what came in your way.

A friend is someone with whom I
can share
My loves, my dreams, and goals.
With you I can share a secret
And know it will never be told.

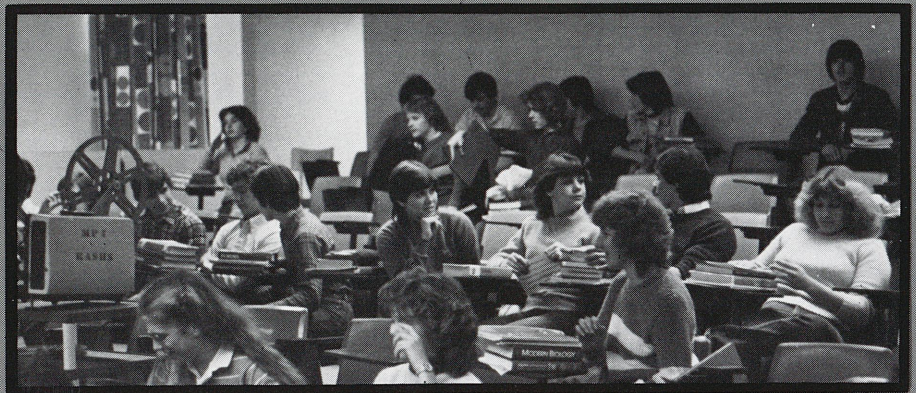

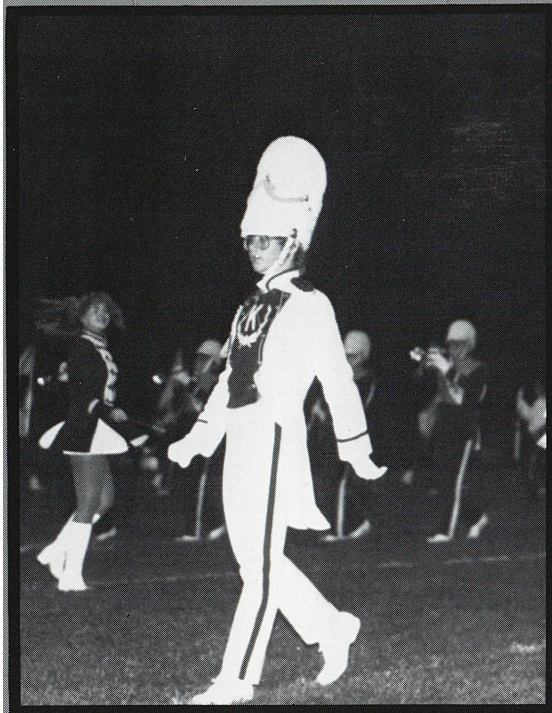

A friend is someone who will say
The things I need to hear.
If I was the one hurting
You would share the tear.

A friend is someone just like you
Who makes my life complete.
I wouldn't trade our friendship
Because this one can't be beat.

As The Year Comes To An End . . .

DUSK TO DAWN

Remember more than ten years gone,
Remember waking in the dawn,
To find a road for you upon,
To begin a sunny day . . .
Remember upon a starry night,
When wilder fancies did take to flight,
Now look back, stare in the light,
Before they fade away . . .
And now this day, it soon must end,
Be it good, or bad, or none, my friend,
Yet remember the joys your memories send,
Don't let them go astray . . .
Remember joy so far, and yet so near,
Walking hand in hand with ones so dear,
Times you'd laugh so hard, or shed a tear,
All the games you'd play . . .

For as you long so far,
For forgotten times,
And tag-team tumbles,
And senseless rhymes . . .
Take but the good,
And forget the bad,
Think of dreams to come,
Not those thus had . . .

For dawn to dusk,
This day is done,
So sit to stare,
The sinking, setting sun . . .
Yet remember 'fore twilight's begun,
Yesterdays fade, yet tomorrows come,
For as today's ebbing light does go,
Tomorrow shines, with room to grow . . .

Who Could Forget . . .

The days go by, they're countless
now
but the memories linger on
and thinking back I wonder how
they seemed to last so long.

For now the time has come to stand;
at an end for those who've known
the pain and joy of books and friends
and the happiness that's grown.

The year rushed by and the end drew
near
and all of us soon knew,
that once again it was time to leave,
the year was almost through.

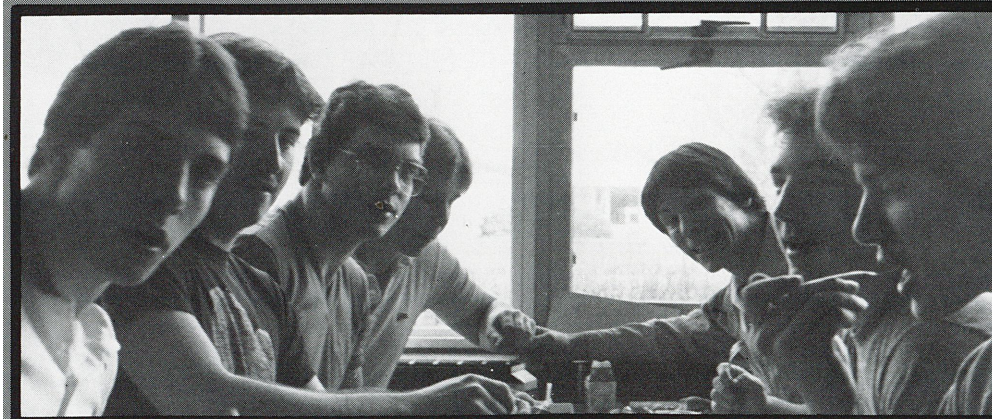

As we read this now school is done
for some it is for good
for others though it's just begun
if they only understood!

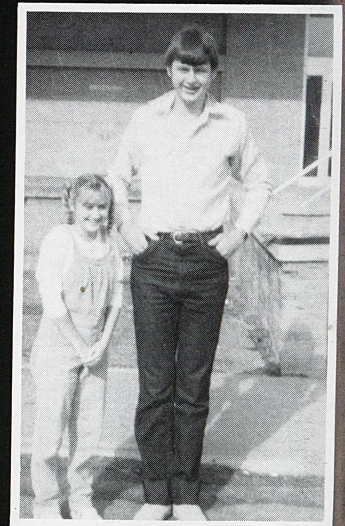

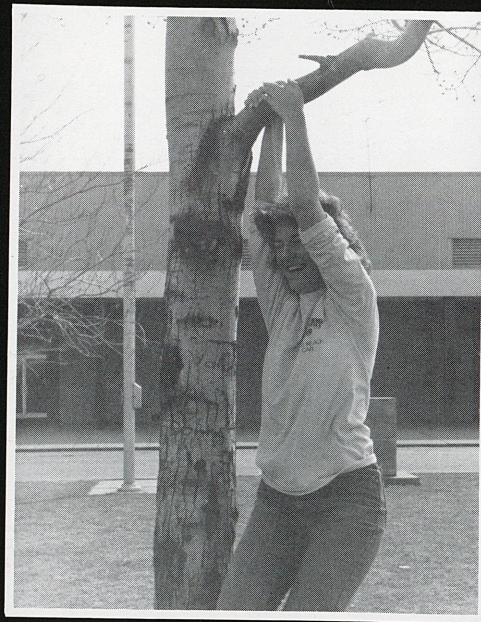

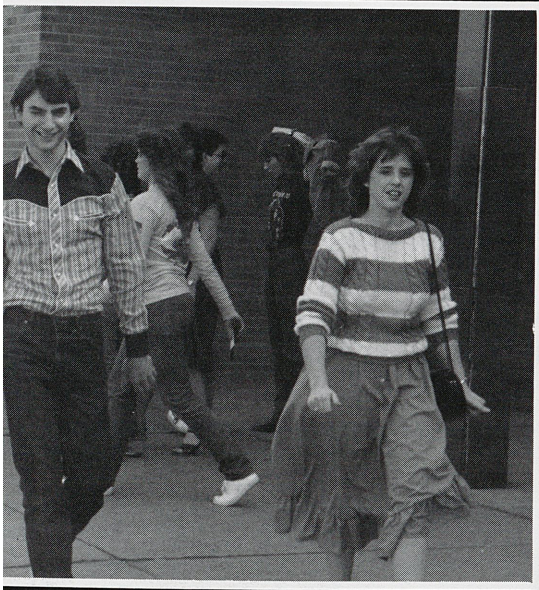

The things we've learned have helped
us grow
Into the person we've now become
And the chances we took the way we
showed
our song has now been sung.

So goodbye Big K, we'll miss you so,
our days here we'll always remember
the good, the bad, the smiles, the
tears
as for the chances, by your strength
we'll take them.
